Object: International federation

Dear Colleagues and Friends ,

According to my announcement, accompanied by Janine TAVERNIER President of UNADFI, and by Maurice BIGOT ,President of ADFI-PARIS, I set the statutes of the FEDERATION EUROPEENNE DES CENTRES DE RECHERCHE ET D'INFORMATION SUR LE SECTARISME (FECRIS)into the Headquarters of the Paris Police on june 30 . The publication in the "Journal Officiel"will occur within three weeks .

You will find enclosed the present list of founding members . It is not closed and it remains open until our constituent General Assembly, on october 15 in UNADFI at 10 o'clock, 10 rue du Père Julien Dhuit 75020 PARIS (through rue Fiat n°40, metro PYRENNEES).

Then we will have to elect our most responsible persons ... and we shall see the mason-bees !

Personnaly I am volunteer to remain a secretary .

Your suggestions are wellcome to write the agenda . Until now I received no new important remarks about the registered statutes , but nevertheless I think that we will have to scrutinize them. Namely you will notice that we did not consider necessary to specify in an article the Association does not intend to interfere with believes . We know this determined choice made at least one association to stand aside . It considered (that is its right) , that according to this choice, its duty was different from ours , as their association has a religious character without which the ribbon would not be high enough . Writing these statutes , we thought that it is not necessarily the sign of any contempt unto religious aspirations to clearly renonce to all proselytism .

Does such a statement means that we take no further interest to certain founding lies , which are actual moral or intellectual impostures , or both of them? Personnaly I think we have not to ignore them; but it is a field where we do need eachother's controll... Furthermore, we have such a lot of work with the punishable practices!

Then I have to beg your attention about the HonoraryComitee . I yet submitted a little list of french or non-french personalities to offer them a partnership. For an example, how to forget Mr. Richard COTTRELL? Every association can contact the persons it considers as desirable .

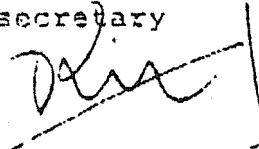

As early as now we have to think of the organisms we can appeal to for the indispensable financial help. Our purpose is by itself a true argument , and it is one of the reasons for which we so carefully described it in our statutes .

We have also to induce a progressive organisation according to our resources , and so to fix short-range and middle-range objectives , choosing at first precise and limited ones suitable to test our strengths .

I wish you a nice summer . A good time to visit eachother, is not it ?

Friendly your's

Jacques RICHARD
Provisory secretary
